6-28-2017

Village of Sanford MI Residents:

The Village of Sanford office located at 106 Lincoln Street has experienced extreme flood damage. Our computer and many files have been destroyed. Our DPW personnel and some of the Council members have inspected the damage and determined the building is uninhabitable.

Due to the continued risk of flooding at this location, we are looking at other options to relocate the office. We will temporarily be moving to Jerome Township Hall until further investigation for a new location can be completed.

Sanford Village Council
