Jennifer Boyer, P.E.M.

Emergency Management Coordinator

County of Midland

Jennifer

I know you are aware of the rental home the Village of Sanford owns at 352 W Center Street. The property is located in our Baseball park which is considered flood zone. The property has recently experienced extreme flood damage and the residents have moved out. Any past due rent has been forgiven and their security deposit has been refunded. Due to the location of this property the Village does not plan on repairing the structure and would like to be considered for any FEMA grant monies that may be available for demolition.

Best Regards

Lon Wackerle
